

# Violet M Kimble

PhD · NEUROSCIENCE

violet.kimble@utah.edu | violetkimble.github.io | <https://orcid.org/0000-0002-5075-9643>

**Research Interest:** Neuroendocrine addiction neuroscience and AI-driven recovery prediction

## EDUCATION

Ph.D. in Interdepartmental Neuroscience, Yale University, New Haven, CT

- Dean's Emerging Scholars Research Award (10 awarded university-wide), Wu Tsai Travel Award, Outstanding Scholars in Neuroscience Award Program (OSNAP) Awardee (25 awarded nation-wide)
- Grant: NIH Supplement (Award #3R01DA050454-04S1)

B.S. in Neuroscience, Minor in Statistics, Drew University, Madison, NJ

## RESEARCH EXPERIENCE

### Postdoctoral Researcher - Psychiatry

June 2026 – Present

Supervisor: Dr. Nina de Lacy

Salt Lake City, UT

University of Utah, Department of Psychiatry

Project: Development and validation of a psychometric tool to evaluate psychological resilience in adults using clinical, psychological, and quantitative research methods

### Research Fellow - Psychiatry

Aug 2021 – May 2026

Supervisor: Dr. Nii Addy

New Haven, CT

Yale University, Department of Psychiatry and Cellular and Molecular Physiology

Project: The Role of L-Type Calcium Channels in Social Behavior and its Modulation by ovarian hormones mediating substance use

### Research Associate - Neuroscience

Sept 2020 – July 2021

Supervisor: Dr. Drew Kiraly

New York, NY

Icahn School of Medicine at Mount Sinai, The Laboratory of Translational Psychiatry

Project: The role of gut microbiome disruptions in a rodent model of opioid use disorder

### Research Technician - Neuroscience

Jan 2018 – May 2021

Supervisor: Dr. Christina McKittrick

Madison, NJ

Drew University, Department of Neuroscience

Project: The effect of enriched environment on learning, memory, and anxiety behaviors in rodents

### Biostatistics Research Associate - Biostatistics

Sept 2020 – Jan 2021

Supervisor: Dr. Mingyao Li

Philadelphia, PA

University of Pennsylvania, Department of Biostatistics, Epidemiology, and Informatics

Project: Single-cell transcriptomic analysis of human retina using the Seurat R package

### Bioinformatics Research Associate - Neurobiology

Sept 2020 – Jan 2021

Supervisor: Dr. Beth Stevens

Boston, MA

The Broad Institute of MIT and Harvard, The Stanley Center

Project: Single-cell analysis using the Seurat R package to understand the role of disease-associated-microglia in the disease progression of Alzheimer's disease

### Research Assistant - Genetics

June – Aug 2020

Supervisor: Dr. Martha Bulyk

Boston, MA

Harvard Medical School, Department of Medicine in the Division of Genetics

Project: Using Protein Binding Microarrays to analyze DNA binding differences of Human Transcription Factor Isoform

**Research Assistant - Physiology**

Supervisor: Dr. Aladin Boriek

Baylor College of Medicine, Department of Medicine and Physiology

Project: In vivo kinematics of canine diaphragm muscle and lower rib cage

May – Jul 2020

Houston, TX

**Research Assistant - Bioinformatics/Genomics**

Supervisor: Dr. Elissa Chesler

The Jackson Laboratory, Department of Bioinformatics/Genomics

Project: RNA-seq analysis of sex differences in the striatum cocaine response of NOD Mice

June – Aug 2019

Bar Harbor, ME

## PRESENTATIONS

**Kimble VM.** Metabolic Dysfunction Predicts Poor Clinical Recovery in Patients with Substance Use Disorders. Talk; Bridge2AI 2026 All-Hands Meeting. April 28–29, 2026; Bethesda, MD.

**Kimble VM,** Rogelio C, Argabright S, Aguilera J, Marotta D, Anderson HE. Predicting Early Coma Recovery Using Clinical and Waveform-Derived Features from Electronic Health Records. Talk; Bridge2AI 2026 All-Hands Meeting. April 28–29, 2026; Bethesda, MD.

**Kimble VM,** Zanda M, Sanchez H, Taylor JR, Rajadhyaksha A, Addy NA. Estradiol regulates LTCC-dependent social behavior deficits during cocaine abstinence in female rats.

- Poster; Translational Science. April 20–24, 2026; Milwaukee, WI.
- Poster; The Endocrine Society's ENDO. 2026 June 13-17; Chicago, IL.

**Kimble VM,** Addy N. Estradiol Depletion Modulates Social Motivation During Cocaine Abstinence in Female Rats; Nanosymposium talk; Society for Neuroscience. 2025 November 15-19; San Diego, CA.

**Kimble VM,** Addy N. L-type calcium channel blockade attenuates cue-induced cocaine-seeking in female rats. Talk; The 48th Annual Meeting of the Japan Neuroscience Society. 2025 July 24-27

**Kimble VM,** Nunes E, Addy N. The L-type calcium channel blocker, isradipine, attenuates cue-induced cocaine-seeking during cocaine abstinence in female rats. Virtual Poster; NIH Diversity Supplement Professional Development and Networking Workshop. 2024 Sept 24-25

**Kimble VM,** Nunes E, Addy N. L-type calcium channel mechanisms mediating drug and social behavior during cocaine abstinence in females. Talk; The Neuroscience of Addictive Disorders Advanced Course. 2024 May 18-25; Venice, Italy.

**Kimble VM,** Nunes E, Addy N. The role of L-type calcium channels (LTCC) in mediating cocaine-taking, cocaine-seeking and social interaction during cocaine abstinence in females. Poster; Society for Neuroscience. 2023 November 11-15; Washington, D.C.

**Kimble VM,** Nunes E, Addy N. Cue-induced cocaine-seeking and social interaction behavior during cocaine abstinence in female rats: role of L-type calcium channels and dopamine. Poster; 2023 meeting of Catecholamines: Gordon Research Conferences. 2023 Aug 12-18; Castelldefels, Barcelona Spain.

**Kimble VM,** Nunes E, Addy N. The role of L-type calcium channels on drug and mood-related behavioral responses in female rats during cocaine abstinence. Virtual Poster; 2023 Writing Your Own Blueprint: The NIH Blueprint Diversity Conference. 2023 Jul 10-11.

**Kimble VM,** Nunes E, Addy N. Sex Differences in L-Type Calcium Channel Mechanisms Mediating Substance Use.

- Talk; Summer Program in Neuroscience, Excellence, and Success (SPINES) Student Symposium. 2022 Jul 2; Woods Hole, MA.
- Poster; Society for Neuroscience. 2022 November 12-16; San Diego, CA.

**Kimble VM**, Dadashkarimi J, Dufford AJ, Scheinost D. Predicting Transdiagnostic Social Impairments in Childhood using Connectome-based Predictive Modeling.

- Poster; 2022 Yale Neuroscience Retreat. 2022 May 25-26; Westbrook, CT.
- Talk; New England Regional Society for Advancement of Chicanos/Hispanics and Native Americans in Science (SACNAS) Meeting. 2022 Jun 17-18; Providence, RI.

**Kimble VM**, Hoffer RS, Kiraly DD. Microbiome knockdown differentially alters the cortical transcriptomic response to morphine in adolescent and adult mice.

- Poster: 2022 meeting of Neurobiology of Drug Addiction: Gordon Research Conferences. 2022 Aug 14-19; Newry, ME.
- Virtual Poster: Mind, Mood & Microbes: International conference on Microbiota-Gut-Brain axis. 2021 May 19
- Virtual Poster: The Friedman Brain Institute 13th Annual Neuroscience Retreat. 2021 Apr 30

Shapiro A, **Kimble VM**, Keren I, Salobo SN, Divekar R, Girona M, Kim MJ, Wilhelm J, McKittrick CR. Housing environment affects anxiety-like behaviors but not cocaine-induced sensitization in female and male mice. Virtual Poster (co-author); Society for Neuroscience. 2021 Nov 8-11

**Kimble VM**, Mattioli K, Phanor SK, Kimes PK, Inukai S, Hao T, Sheynkman GM, Bass JIF, Vidal M, Bulyk ML. Using Protein Binding Microarrays to analyze DNA binding differences of Human Transcription Factor Isoforms.

- Virtual Poster: Annual Biomedical Research Conference for Minority Students. 2020 Nov 9-13
- Virtual Poster: Society for Advancement of Chicanos/Hispanics and Native Americans in Science Virtual Conference. 2020 Oct 19-24
- Virtual Talk: Virtual Summer Honors Undergraduate Research Program Student Symposium. 2020 Aug 5
- Virtual Talk: Virtual Leadership Alliance National Symposium. 2020 Aug 1

Rodriguez N, **Kimble VM**, Ford A, Boriek A. Pressure Generating Capacity of the Diaphragm Is Compromised during Forceful Efforts at High Lung Volume in Dogs Discipline. Virtual Poster (co-author); Society for Advancement of Chicanos/Hispanics and Native Americans in Science Virtual Conference. 2020 Oct 19-24

Ford A, **Kimble VM**, Rodriguez N, Boriek A. Kinematics and Volume Displacement of Lower Rib Cage Is Modulated By Level of Muscle Activation of Diaphragm Muscle in Supine Dogs Discipline. Virtual Poster (co-author); Society for Advancement of Chicanos/Hispanics and Native Americans in Science Virtual Conference. 2020 Oct 19-24

Boriek Z, **Kimble VM**, Rodriguez N, Ford A, Lopez M, Wynd S, Boriek A, Liebschner M. In Vitro Mechanics of Skeletal Muscles of Abdominal Wall and Diaphragm, and Effects of Aging in Mouse. Virtual Poster (co-author); Society for Advancement of Chicanos/Hispanics and Native Americans in Science Virtual Conference. 2020 Oct 19-24

**Kimble VM**, Boriek A. In Vivo 3D Analysis of Kinematics of Canine Diaphragm Muscle and Lower Rib Cage. Virtual Talk; Virtual Baylor SMART Student Symposium. 2020 Jul 31

**Kimble VM**, Saul M, Chesler E. RNA-seq Analysis of Sex Differences in the Striatum Cocaine Response of NOD Mice.

- Talk: Drew University's TriBeta Honor Society Research Symposium. 2019 Apr 22; Madison, NJ.

- Poster: Annual Biomedical Research Conference for Minority Students. 2019 Nov 13-16; Anaheim, CA.
- Talk: The Jackson Laboratory's Summer Student Symposium. 2019 Aug 8; Bar Harbor, ME.

Glass K, **Kimble VM**, Jang S, Meyer C, Santana D, Santa Ana S, Shteyn D, Sirota S, Zhang Z, McKittrick C. Effects of Early Life Stress on Behaviors in Adult Rats. Poster; Drew University's Day of Scholars. 2019 Apr 5; Madison, MJ

## INVITED TALKS

L-type calcium channel blockade selectively attenuates cue-induced cocaine-seeking in female rats, NIH Outstanding Scholars in Neuroscience Award Program (OSNAP). Bethesda, MD. 2024 Nov 8.

Targeting L-type Calcium Channels: Uncovering Sex-specific Mechanisms in Cocaine Addiction and Social Behavior, University at Buffalo's Visiting Future Faculty Program (VITAL). Buffalo, NY. 2024 Oct 16.

Broadening the Spectrum: Promoting Diversity and Inclusion in Scientific Spaces and Beyond, Yale University's Department of Cell Biology Beyond-the-Bench Seminar. New Haven, CT. 2023 Oct 26.

Bar Harbor JAX Summer Student Program (SSP). Commencement Speaker. Virtual. 2023 Aug 10.

Farmington JAX Summer Student Program (SSP). Commencement Speaker. Virtual. 2023 Aug 11.

Neurogenomics: Genetics and Genomics in Neuroscience, BWCB Bioinformatics Bootcamp 2021. Virtual. 2021 Jul 22.

Pathways of Science from College Students' Perspective, Project Interlink for SENDforC's STEM Career Spotlight Series. Virtual. 2021 Apr 2.

Volunteering and Community Engagement during the Time of Covid-19, Engage NJ Student Conference "Keeping Volunteers Connected: Covid-19 Edition. Virtual. 2021 Feb 27.

My STEM Journey, Project Interlink for SENDforC's STEM Career Spotlight Series. Virtual. 2020 Sept 29.

## PROFESSIONAL EXPERIENCE

|                                                                      |                |
|----------------------------------------------------------------------|----------------|
| <b>Science Mentor</b> , Frontiers for Young Minds                    | 2024 – Present |
| <b>Technology Marketing Associate</b> , Yale Ventures                | 2024 – Present |
| <b>Academic STEM Mentor</b> , Yale Office of Educational Opportunity | 2023 – Present |
| <b>Traveling Proctor</b> , Yale Resource Office on Disabilities      | 2022 – Present |
| <b>Online Support Assistant</b> , Yale College: Summer Session       | 2022 – Present |
| <b>Impact Measurement Strategy GPE Fellow</b> , Tsai CITY            | 2024           |
| <b>Phone Outreach Specialist</b> , Yale University                   | 2023 – 2024    |
| <b>Student Contact Tracer</b> , Drew University                      | 2021           |
| <b>Technology Specialist</b> , Drew University                       | 2017 – 2021    |

## TEACHING EXPERIENCE

## MENTORSHIP

Extracurricular mentor

Catherine Gohar (Post-baccalaureate, University of Washington, 2022-2023, via YBDIC-NGEI)

Nazeli Moralez (Post-baccalaureate, University of Massachusetts, 2021 – 2022, via YBDIC-PATHS)

Samantha Jackson (Undergraduate Student, University of Texas at Austin, 2021-2022, via YBDIC-BBS)

Marina Edward (Undergraduate Student, University of California, Irvine, 2021-2022, via YBDIC-BBS)

## LEADERSHIP

|                                                                                  |                |
|----------------------------------------------------------------------------------|----------------|
| <b>ACTS Scholar Special Interest Group (SIG) External Communications Officer</b> | 2026 – Present |
| <b>University Church at Yale Student Deacon</b>                                  | 2021 – Present |
| <b>Yale OpenLabs Flipped Science Fair Program Coordinator</b>                    | 2023 – 2024    |

|                                                                                |             |
|--------------------------------------------------------------------------------|-------------|
| <b>Yale BBS Development and Involvement Community (YBDIC) Program Director</b> | 2023 – 2024 |
| <b>YBDIC Outreach Fellow</b>                                                   | 2022 – 2023 |
| <b>The Wu Tsai Institute at Yale Outreach Chair</b>                            | 2022 – 2023 |
| <b>SACNAS Chapter at Yale (YSACNAS) Mentor ('21-22'), Outreach Chair</b>       | 2021 – 2023 |
| <b>Yale's INP Outreach Committee Officer</b>                                   | 2021 – 2023 |
| <b>Connecticut Science &amp; Engineering Fair Judge</b>                        | March 2022  |
| <b>Women's Mental Health Conference (WMHC) at Yale Panel Committee Member</b>  | 2021 – 2022 |
| <b>STEM Mentors Outreach Committee Member</b>                                  | 2021 – 2022 |
| <b>Black Women in Computational Biology Network (BWCB) Membership Chair</b>    | 2021 – 2022 |

## SKILLS/TRAININGS

*Computational:* SPSS; R, Python, Matlab (Intermediate Proficiency); Rhino (Basic Proficiency)

*Certifications:* Basic Responsible Conduct of Research (RCR) + Animal Subjects and Human Subjects;

Mice handling training for research at the Jackson Laboratory, Short Course on the Application of

Machine Learning for Automated Quantification of Behavior (Bar Harbor) 2022

*Laboratory:* UV Spectroscopy; Cell culture; qPCR; Immunofluorescence; Western blot; Reporter gene assay; Restriction mapping; Horizontal and Agarose gel electrophoresis
